

The (Extremely) Unofficial Happy Birth Archive

Compiled by [mik3_milligram](#)

Intro :)

Hello! I really like [Mercening](#)'s Happy Birth and decided to move my translations from my Instagram highlight to somewhere more accessible

It really does take a village. I do a lot of these translations, but anyone who's helped me is credited in my Instagram highlight. Also, please do DM me if I missed anything or got anything wrong!

Intro :)

I'm assuming you've read the comic.
This is just translations of any
ciphertext in the comic and website,
and an archive of connected
in-world accounts

The website is on the Internet
Archive if you want any of the
regular English text

Slides are titled with the date
uploaded to Instagram/ date the
website was updated

Full spoilers ahead!

This is currently complete, as far
as I'm aware. But as always let
me know if I missed anything

Final update: June 17th, 2026

September 15 - October 6, 2025

The first seven episodes don't
have anything to translate

Real life post from Mikey's account?????

“New week!!! I hope this one is better... I'm finally getting the hang of that website editing thing, it's actually pretty fun!

🤪🤪 I can't believe that the first thing I did was rewriting my name... They misspelled it!!!

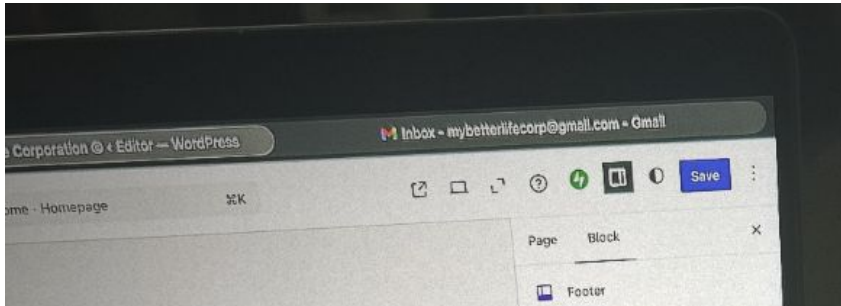

😞😞😞”

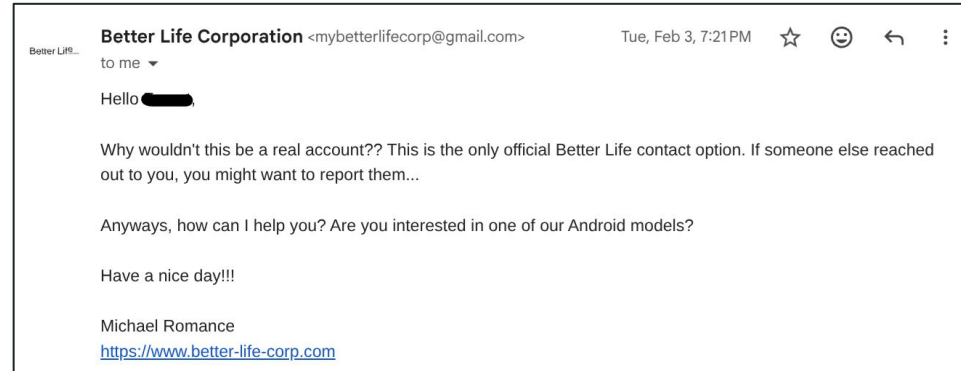

February 3

He leaked some personal information, so I emailed

I said “hey man i'm just wondering if this is a real email account”

Mikey actually responded!!!

February 3

In his email signature, Mikey includes

<https://www.better-life-corp.com>

There are some secrets here...

The logo for Better Life Corporation is displayed on a solid blue rectangular background. The words "Better Life" are written in a large, white, hand-drawn, sans-serif font. The word "Corporation" is written in a smaller, white, clean sans-serif font directly below the word "Life".

Better Life Corporation

February 3

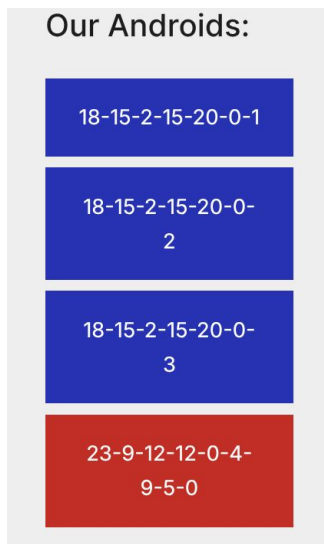

On the homepage of the website, we are introduced to

Robot A/1

Robot B/2

Robot C/3

Will-Die

At the bottom of the homepage is the text “Jhudug lv wr r srzhuixo, exw Plnhb nhhsv klp lq vhuylfh.” which can be caesar shifted to “Gerard is too powerful, but Mikey keeps him in service.”

Clicking the “will die” option brings you to

<https://better-life-corp.com/gerard/>

It’s the only thing that can be clicked

February 3

On Gerard's page is this image.

It is called

“khv-pdqlsxodwlqj-brx-doo”

which can be caesar shifted to

“hes-manipulating-you-all”

February 3

At the bottom of Gerard's page, in white-on-white text is "Kh'v mxvw grlqj klv mre, exw kh'v grlqj lw wrz zhoo."

"He's just doing his job, but he's doing it too well."

Below the image, also in white-on-white, is "Jhudug kdv qr frqvflhqfh."

"Gerard has no conscience."

February 4

The website appears in the comic! That's a cool detail

MY DOCTOR RECOMMENDED AN ANDROID. THEY SPECIALIZED IN ADDICTION, WITHDRAWAL. AT THE BEGINNING OF THE PREGNANCY.

Unfortunately this is the only screenshot I have :(but Mercening posted a story (I think in a Q&A?) about the comic including caesar shifted text that reads “use a computer”

A user profile card for 'MATILDE' on a dark background. It features a circular profile picture of a woman with glasses and braids. I’ll be real I don’t know where this screenshot comes from. Presumably a story because this panel appears in the episode from the 17th, just without the numbers

“MR sees everything”

“nothing is magic”

“MR loves the robot”

February 24

“Open the robot, pull out its wires and study its mechanisms until he understands them”

(this one was translated by max_strszx on Instagram, big thanks)

February 24

Clicking on “1995” on the homepage brings you to

<https://better-life-corp.com/1999-2014/>

There we find this image, which is called “ruljlqdo-sodbhu”

“original player”

February 24

On the bottom of this page is white-on-white text (what is highlighted in the screenshot) that translates to “Psalm 40:1

Garde-moi comme la prunelle de l’oeil; Protege-moi, a l’ombre de tes ailes,”

Michael then began integrating these new features into every Android, greatly expanding their capabilities and opening the door to unprecedented possibilities.

Svdop 40:1

Jdugh-prl frpph od suxqhooh gh o’rhlo; Surwhjh-prl, d o’rpeuh gh whv dlohv,

February 24

The previous text is in French, but it's "Keep me as the apple of your eye; hide me in the shadow of your wings,"

This is Psalm 17:8, not 40:1 as it is labeled on the website

Psalm 40:1 is actually "I waited patiently for the Lord; and he inclined unto me, and heard my cry."

February 24

Theoretically 40:1 should also be caesar shifted, but that would give us 37:-2

Subtracting 17:8 from 40:1 would give you 23:7, which doesn't exist. There are only six verses in Psalm 23

Adding the verses gives you 57:9, "I will praise you, Lord, among the nations; I will sing of you among the peoples."

February 24

On Gerard's page, the last digit in his model number is now hyperlinked. It brings you here

<http://better-life-corp.com/20-18-1-14-19-12-1-20-5-0-9-14-0-6-18-5-14-3-8/>

“translate in French”

And displays this >

February 24

This text can be translated to

“Car Je est un autre. Si le cuivre s’éveille clairon, il n’y a rien de sa faute. Cela m’est évident : j’assiste à l’éclosion de ma pensée : je la regarde, je l’écoute : je lance un coup d’archet : la symphonie fait son remuement dans les profondeurs, ou vient d’un bond sur la scène.”

And translated again to “For I is someone else. If brass wakes up a bugle, it is not his fault. That is obvious to me: I witness the unfolding of my thought: I watch it, I listen to it: I strike of the bow: the symphony makes movement into the depths, or comes in one leap upon the stage.”

February 24

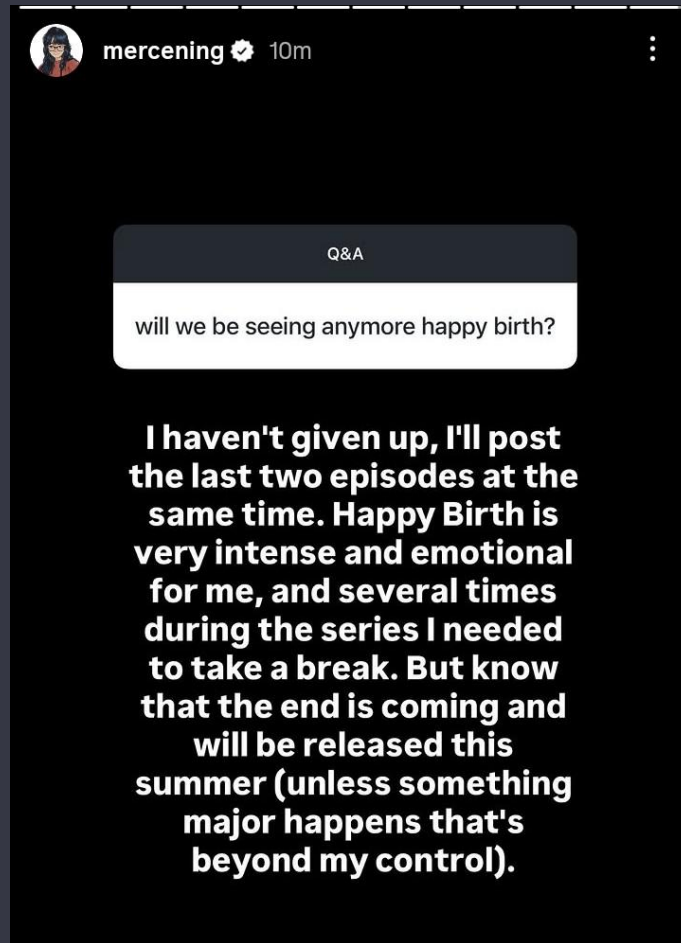

The previous text is from The Letters of the Seer (or of the Visionary, depending on who you ask)

[French text](#) and [English text](#) if you want to read more

The letters detail a “disorganization of all the senses” and just generally remind me of Frank

Hey Michael what's up. I'm starting to become concerned about your website, I'm seeing a lot of weird numbers and letters and quite a few instances of the phrase "welcome home" in random places. Are you seeing this as well, or is it a glitch on my end? And if you do see it, do you know what causes it? thanks :)

“Filles du Calvaire is a station on line

Sorry for any errors in the ciphertext,
I had to work backwards. The text is
the first sentence of the [Wikipedia
page for Filles du Calvaire](#).

One last website update

The website now displays

“Learn more about our
Androids.” which sends you to

<https://better-life-corp.com/about-our-androids/>

Our Quality and Safety Policy

At Better Life Corporation, our mission is providing our clients with therapeutic androids that conform to the highest standards of quality, reliability, and security. Every unit is rigorously inspected, maintained, and evaluated according to strict protocols to guarantee an optimal experience and support adapted to each user's needs.

As a part of our Quality and Safety Policy, we vow to never refurbish a robot more than three times and assign it to more than three case cycles. This approach allows us to guarantee access to high-performance, modern, and perfectly operational equipment, while maintaining a consistent level of excellence.

We also put a high level of importance to the accessibility of our services. Depending on the coverage extended by your health insurance provider, the rental of one of our androids can be covered up to 100%. Our teams are at your disposal to guide you through administrative procedures and inform you about coverage options.

We are aware that every situation is unique. As such, we also offer a range of preferential rates for people with limited resources, with the goal to provide everyone with qualitative technological support without compromising safety or performance.

Driven by our commitment to continuously evolve, we constantly analyse feedback from our users to refine our services and solutions. This level of dedication allows us to keep growing and to guarantee a high level of satisfaction for our clients, rooted in innovation, attentiveness, and operational excellence.
